DINAR NATO

DATA SCIENCE STUDENT

ABOUT ME

Detail-oriented and proactive Data Science student at Meru University of Science and Technology, with growing expertise in Python, HTML, CSS, and foundational knowledge of machine learning. Currently working on data analytics projects involving Python and ML. Eager to contribute to business insights, risk analysis, and reporting with strong communication, creativity, and a commitment to data accuracy.

📍 Nairobi,KENYA

PERSONAL EXPERIENCE

- Developing a machine learning model to identify potential risk trends using synthetic datasets.
- Applying classification techniques in Python (Scikit-learn) with data preprocessing and visualization.
- Objective: Learn how to automate detection of abnormal patterns and improve data-driven decision-making.
- Online Courses: Data Analytics with Python (Coursera), SQL for Data Science (in progress)
- Currently expanding into data visualization tools like Power BI and Tableau.

EDUCATION

- **Bachelor of Science in Data Science**
- **Meru University of Science and Technology**
- **Expected Graduation: 2028**

SKILLS | EXTRAS

- Communication
- Teamwork
- Time Management
- Creativity
- Innovation
- Critical thinking
